

**Kitchener-Wilmot Hydro and Waterloo North Hydro
have merged and are now Enova Power Corp.**

Our Purpose:

To energize and empower our communities.

Our Vision:

To drive what's next in energy and sustainability for our communities and beyond.

FAST FACTS

157,466

Business and residential customers

1,108 km²

Service territory

311

Employees

Our name has changed, but our high standards of customer care and reliable electricity service haven't

How will your electricity service change as a result of the merger?

It won't. You'll see new logos on our trucks and your bills, but our commitment to best-in-class service won't change. We're still working to merge our systems and process. Until that happens, keep paying your bill the same way you have been.

When this changes, we'll give you lots of notice.

If you're a customer in Kitchener or Wilmot, continue to pay your bill to Kitchener-Wilmot Hydro using your existing account number.

If you're a customer in Waterloo, Woolwich or Wellesley, continue to pay your bill to Waterloo North Hydro using your existing account number.

Enova Power. Smart. Reliable. Ready.
