**Introducing
Enova Power
Corp.**

**Where Your
Payment Goes**

**If you have a
contract with an
electricity retailer**

**In September 2022,
Kitchener-Wilmot Hydro Inc.
and Waterloo North Hydro Inc.
merged and are now Enova
Power Corp. (Enova).**

Approximately 23% of the charges on your electricity bill are paid to Enova. The remaining charges are collected on behalf of other organizations such as generators, transmitters and government agencies.

Note: Percentages may not total 100 due to rounding.

If you have a contract with an electricity retailer, you pay the price agreed to on your contract. Please refer to your contract for information about pricing. Please note that retailer contract prices do not include the global adjustment, which is included in Time-of-Use and Tiered prices set by the Ontario Energy Board.

Serving more than 157,000 residential and business customers in the City of Kitchener, City of Waterloo, Township of Woolwich, Township of Wilmot, and Township of Wellesley, Enova Power Corp. will drive what's next in energy and sustainability for our communities and beyond.

Our name has changed, but our high standards of customer care and reliable electricity service haven't.

How will your electricity service change as a result of the merger?

It won't. You'll see new logos on our trucks and your bills, but our commitment to best-in-class service won't change.

We're still working to merge our systems and processes. Until that happens, continue to pay your bill to Waterloo North Hydro using your existing account number.

When this changes, we'll give you lots of notice.
