

## Restricted Stations and Feeders for Distributed Generation Connections

Effective January 20, 2026, the following Enova stations and feeders are restricted from any new DER connection. This restriction applies to all generation projects, including those rated below 12 kW, regardless of inverter or non-inverter or whether the project is exporting or non-exporting.

### List of restricted feeders and stations:

#### **Kitchener 1TS:**

1M1  
1M2  
1M3  
1M4  
1M5  
1M6  
1M7  
1M8  
1M9  
1M10

#### **Kitchener 4TS:**

4M11  
4M12  
4M13  
4M14  
4M15  
4M16  
4M17  
4M18  
4M21  
4M22  
4M23  
4M24  
4M25  
4M26  
4M27  
4M28
