

Restricted Feeders for Distributed Energy Resources (DER) Connections

Effective March 27, 2026, the following Enova feeders are restricted from new non-MICRO DER connections. This restriction does not apply to MICRO DERs, which remain permitted. The restriction applies to all generation projects, regardless of whether they are inverter-based or non-inverter-based and whether the project is exporting or non-exporting.

List of restricted feeders:

1M1	4M21	R27-1
1M3	4M22	R27-2
1M4	4M24	R28-1
1M5	4M25	R28-2
1M6	4M26	R31-1
1M7	4M27	R31-2
1M8	4M28	R31-3
1M9	ER-41	2DS1
3M20	ER-42	2DS2
3M21	ER-43	2DS3
3M22	ER-44	3DS1
3M23	ER-45	3DS3
3M26	ER-46	6DS1
3M27	ER-47	6DS2
3M28	ER-48	8DS1
3M29		8DS2
3M210		8DS3
3M212
